

UNconditional Love

There was the scene of Victoria Boarding High school, London. New Academic Year is starting. Students were coming from different different places with their parent and with carrying their hostel stuffs. Some were happy, some weren't. It's gibbering all around. And then the smooth voice of car engine comes.it was the Mercedes, Symbol of Royalty. One boy comes down with his parent from this luxurious car. The name of that boy was Joseph Fernandez, looks like teenager. He was handsome and good looking. But there was the dark spot on the moon, Boy has some type of seriousness on his face. He didn't want to express himself to the world. But in this serious situation another drama was going on there and it was created by his parents Here they were trying to convince joseph for do not go in the boarding school. He will get all the facilities by his one action. But that boy has decided in his mind and he denied. And then the war begun. Blame game starts. They were blaming each other for this behavior of joseph. They were talking with each other very rudely.

"This is all because of you if you would have control on your nature we would never going to see this day..."Mr. Fernandez says.

"really....do you think so all this happening because of me...!! If you would have left all your bad habits then it would not happen..."Lady replied, so and so..!!

That boy was listening this bullshit and getting irritate by this. So he walked away from that place. By this moves of the boy their fight gone to one level higher and volume level increased of both speaker.

"what have you taught him... such that you son is behaving like this..." Mr. Fernandez says.

"Ohh really...he is only my son...!! You were also included in this conspiracy and no but true which responsibility of father you have played till now...tell me one...!!"Mrs. Fernandez says.

"You are crossing your limits... Mind your language...!!"Mr. Fernandez says.

"And what about you ...you have already crossed it...!!"Miss.Fernandez says.

...all the people around there were staring at them and getting entertained by their stupid arguments...!! After few minutes Mr. and Mrs. Fernandez both realized that they were at public place and they should not behaves like this.so they follow the path where boy had gone, with carrying some stuff.

Joseph was born in one of the royal families of London, In Fernandez Family. You can say he was platinum spooned child, but this will not ensure that child is going to live royal life. Here the, joseph was the guy who was the suffering from the big evil of society. And that is "Divorce". Yes, His parents who were fighting in public place, they

had got divorced. It is mostly seen in the royal families. Mr. and Mrs. Fernandez both have feeling towards the Joseph but sometimes their ego took over on these feelings. And that is the reason why Joseph chose to study in boarding school. He didn't want to divide himself into two parts. He wanted to live his life alone, his way. So from now, new journey has started for Joseph.

In boarding school Joseph was a very shy guy for the first few weeks. He takes time to adjust in new place and connecting with new type of people with their different mindset. But then Joseph was slowly slowly opening up himself. He was able to make new friends. He had chosen the subject Arts for study. In somewhere in his mind's he wants to come in the world of acting or modeling. To fulfill his dream, he started building up his personality, his body, his walking, and his talking.

Now it's a fact that opposite gender attracts each other. Male attracts towards a woman and vice versa. So in high school sometimes, Joseph went to nightclubs with his friends for hang out. It's normal that he attracts towards the hot and sexy girls, who were exploiting and spreading hotness out there. But now he feels something different. He has some male friends who are like macho man. When he talk with them, that manly voice, that manly touch gave him some kind of pleasure. He liked these things. But at that time he didn't give that much attention on it and ignore it or May he didn't want to open up this secret.

As I said that he has started to build up his personality, his body. After few years he becomes very muscular guy. Any girl can be easily attracted towards him. First of all he has the face of "Thor". His hair was very silky which flows with air. He has large, wide and strong shoulder. His chest was strong like rough stone. He has the 12 golden biscuit on his stomach. All girls want to fill it, touch it. Two long legs looks like two big RCC pillar. Every Girls want him. He has many girlfriends and also got into physical relation with them. Along with this, that secret feeling was also becoming stronger and stronger. He can see some type of hormonal changes in his body. His body has also became more flexible and softer. He walks like one supermodel walks on the rampage. Which is totally opposite of his manly nature.

Now the days comes when he has to live the High school. He got the degree. And he tried for job but he didn't get the job. As I mentioned earlier that Joseph's dream was to be Actor or Model. So fulfill his dream he came to the Los Angeles, the city of glamour and gambler. Now First problem arises that to find the place for living. Joseph had took some money with him. He came to very posh area of the Los Angeles and he wanted to live there and do work also there. So first he need one house to live. Then he

started searching for a rent house. After facing so many difficulties he got one small house in streets of Los Angeles. One old couple was the owner of that house. Joseph got the house on the first floor. When Joseph met them they were very lovingly and sweet. They still have love and respect towards each other. Joseph could feel it. When Joseph saw this he realized that to live in relationship is not that much difficult...as his parent had made it. And he thought that why my parents had not have this type of trust and love between them...??..Ok...whatever happened happened. I can't change it...Let's move forward.

Joseph starts living there. His landlord that old lady has the very caring nature. She treats Joseph like her son and Joseph is also gives the respect her like his mother. Joseph's parents sometimes call him and ask how his life is going. They offer him economical help but he did not want to take it. He wanted to stand up on his own legs. He gave many auditions for modeling or acting. But still he didn't get success in that. He was still struggling. So for living he did some type of part time jobs and earn some amount of money. By this he could able to fulfill his basic requirements.

By few weeks, Joseph has made some friends out there. Sometimes he went with them for party or in night club in week end. Now, on one Sunday as usually he and his friends went to the nightclub. Now that day Joseph was dancing with his friend in night club and when he get tired he go to the bar counter and ask waiter for the one chilled beer. The waiter gave him chilled beer. He was drinking beer and he saw one weird looking person coming towards him. This person has colored his lips pink, anyone who look at him, must notice this things first. And he wore some boyless top and short jeans. He had some golden ornaments wore on his body. He came near to Joseph with his lady walk. When he came close to Joseph, Joseph feels little bit nervous.

"Hiiii....aaannn.....Handsome...!!" that person said. There was so much sensation in his voice.

"Hello..." Joseph said...and Joseph had some weird type of expression on her face.

"This is Andy... I have been staring at you from last half an hour..!!" he said.

"Why ..!!" ...Joseph asked him.

"You are the thing which everyone should have to stare...!!" And he starts touching his body here and there.

"What a bodyyy....hannn...what a muscles...!!" Joseph felt goosebumps in his whole body at that time. Joseph gets little nervous and moves himself back.

"What are you doing ..?" Joseph said.

"I am doing that thing which I supposed to do and which I like to do.." Andy replied.

Now in Joseph's mind picture becomes clear that he has been hitted by one Gay.

"What are you doing after this party...?" Andy asked.

"i will go back to home and have sleep. what else I supposed to do..!!"..Joseph replied.

"Ohhh sleeping alone is it not good thing and also it is very boring...!! If you really want to sleep. Let's sleep together. And make this night beautiful...!"Andy said with full of lust in his voice.

"Hanna.....??...means what...?"Joseph said. Joseph is facing this type of condition in his life first time. And he gets so much nervous.

"What...What...don't waste time and let's have fun..." Andy replied and he pulled joseph's hand.

Now joseph have to respond.

"Behave yourself...!"He said and pulled his hand back from Andy's hand.

"Ok...okk...don't get angry and take this...this is my card ...we will met if you mind changes..."Andy put that card in joseph's pocket and went back.

Joseph has just shocked by this incident. But after some time when he gets relaxed. He thought about that incident and realized when Andy was touching his body he was also getting some kinds of pleasure...some type of hormones and biological processes was going in his body. Which he likes very much. And he decided that let's have fun. He was still in the nightclub, he searched Andy there.But, he couldn't find him. Might be Andy left nightclub by that time. Then joseph remembered that Andy gave him his card. He took out the card from his pocket and he called Andy.

"Hello...is this Andy...?"Joseph said.

"Hiii....annnnn.....dear..I have been waiting for your phone call..."Andy replied.

"Where can we meet...?"Joseph asked.

Then Andy gives the address to joseph and says,

"Pleaseeeeeee ...come early...I am eagerly waiting for you..."again the voice with full of lust.

Joseph reaches at given address. Andi was waiting for him. Andi welcomed him. Now they get locked in room by their own choices. First Andi starts stripping his clothes one by one and then he did the same thing with joseph with full of passion. Now Andy was fully enjoying joseph's body, his chest, his arms, his six-pack abs.... with full of sensation and full of wildness. In starting joseph gets little nervous because first time he was facing this type of situation but slowly slowly he also becomes comparator of Andy and was shows his erotica. Both ware running on same pace. Both were getting sexual plasure.At that night their desires were satisfied. Now it's early morning and joseph have to live Andi's house...so when he was living Andy gives him some money and told him that,

"Andi don't take anything in free..."

Joseph hesitate but internally he knew that he needs money. Then he accept it and came out from that place. By this incident joseph had fully aware of his bisexuality. He

can easily be comfortable with any girl or boy. He can handle both satiation very easily and it becomes the turning point of his life.

Few days later Joseph was reading a newspaper and he read one advertisement and it's about the requirement of playboy in night club. Playboy has to physically fit and entertain the audience by their sexual and sensational moves. And he will get good money for this job. Joseph finds all this quality in him and grabs this opportunity. So he applied for this job. And by his physical appearance and based on his performance he got selected for this job.

After joining this job Joseph started going to the nightclub as a playboy. Joseph was giving his sensational performance by stripping, dancing and by showing his lust...in front of the people. There were some parties where only ladies allowed, Joseph put the fire in the party. And all the ladies out there were turned into the Exotica of Joseph. It's like Joseph does some magic on them and all the ladies became crazy for him. There were also some other playboys but there was no comparison between them and Joseph. Joseph had some different spark in him. There were also some parties where only males are allowed. In these parties also Joseph gave his full performance and satisfies everyone's desire. So in few months Joseph becomes popular among this group of people. And it becomes his profession. He was getting some invitation for personal parties also. Many times he got invited by individuals to satisfy their lust. And Joseph did that happily... why not he loved to do this and he was also getting money by doing this. This way he becomes the sexual object who can satisfy anyone's desire, gender doesn't matter. So by these activities he engaged with many guys and ladies.

Now another turning point comes into Joseph's life. In his profession he was engaging with different type of people. But there was no one, who cares about him. Everybody loves that body, like that object but no one cares about the internal feeling of Joseph. But everything changed, After meeting Selina, Selina Gomez, the Goth.

Goth are the people who live in darkness, and who loves darkness. They love black things. They wear black clothes, they do black make up. They wear weird type of ornaments and there is also some strange type of tattoos on their body. Besides this they have some weird and scary look. Which they carry with them. They have colored black lips, black shaded eyes on their white faded face. They look like villain. But it does not mean that they are villain.

Here, Selina is Goth. But there is no effect without cause, its universal law. So there should be any reason behind Selina's becoming Goth. Selina was born as a

normal child. She was very sweet girl in her childhood but when she was young she was sexually harassed by his own very close relatives and when she realized it she could not able to accept it and she decided to fight against it. And she exposed them in front of whole world and then she punished him very cruelly. After that she decided to leave the so called "Social world...fake world..!!" And live her entire life as a Goth.

So, first time joseph saw Selina in one party. Where Selina was hanging out with her own Goth group with their different royalty. Selina has slim and dense black hair. Her deep blue eyes surrounded by black shaded makeup seems like there is endless Wally inside it. Her black slicey lips over her white faded face shining like black Ruby. She carried some sharp rings on her fingers and black shining bracelet. She wore black neckless top and short black skirts. Over it, she wore long black coat which reached till her leg. She wore black long shoes with black net. Over all she was looking stunning and sexy in her "cool" darkness. Joseph finds Selina very mysterious and interesting. This black beauty was attracting joseph towards it. Joseph was very curious to engage with this Mistry. So he was searching for the chance when Selina alone, not with her group. And he got the chance when Selina came to the counter to take the drink, joseph went there and says,

"Hii...This is joseph...."

Selina quickly moves her neck towards the source of sound and gives the joseph one sharp glance. Joseph felt little bit scared but though joseph collect his all courage and again he said,

"Hi....joseph here"

"So what...?"Selina replied very rudely.

"Nothing... I just find you curious... That's why..."joseph said.

"Really... what did you find curious in me...?"She asked.

Now joseph thinks this is the chance to make the shot. He said,

"I like the darkness you carry. But I want to know the brightness which is inside you. I like your black adornment but I want to know what is the hatred behind not accepting the colorful life, I like your black shaded lips but I want to know the reason behind hiding the soft pink lips. I like your black shaded eyes but I want to know the pictures which are hidden in the deepness of your eyes. "Joseph says this things with very calmly and full of confidence.

By hearing this words ...Selina meltdown and became very calm. Now she was talking with him very politely and softly.

"This is Selina Gomez..."she replies.

"So...If you don't mind... let's have drink together....."Joseph suggested.

"Sure..." Selina replied.

"Fine...let's sit on this table..." joseph suggested.

So after this, they talked with each other very smoothly. They have told one another about their lives. Joseph said to her that he is by profession work as a playboy and he is bisexual. Then Selina said him about her life and then how he became a Goth and how she wants to live her life. So this two are different personalities. But they have no problem with each other. They have accepted each other. Here one person is bisexual means he wants to be with everyone whether it is man or woman. And another side selina is disconnected with this social world and lives in their own black world.so this are two completely different personalities but they both are comfortable with each other.

So as day were passing they were coming closer and closer. Not physically but mentally...internally. They go for hang out and wonder on the streets. They were spending more time with each other. They likes each other's company. Sometimes they also met in each other's home and spent time. Here I don't want to name this relation...Love or friendship. This was something which is beyond love and friendship. So let it be unknown. It is enough that they were accepting each other self....each other individual personalities..their thought process...which defines who they are. They didn't thought about the stupid things like Marriage or we will spend our entire life with each other. They were not bonded in any type of bond. They were totally free, free from the all bonding of world and this is what brings them closer and closer.

Now after few months suddenly one incident happens. It was Monday morning after the weekend and this day Selina was trying to contact joseph ...rings were ringing but nobody was receiving it. So Selina thought that he might be in night's hangout and that's why he is not receiving the call. Then she did not tried again and thought that let him sleep. In evening Selina again tries to contact him. But she again fails. Then some cloud of worries wondering on her mind and she direct went to the joseph's house. Those day joseph's landlords had gone for some outside trip and joseph was living alone in that big house. So, joseph lived on the first floor. Selina reached there. She was stepping the ladder. She smelled one bad smell and it was like the smell of decomposing the body of any dead animal. So it was stinking so much. Then she reaches on the first floor and then she finds that door is already open. This was strange for her. As she enters in the room she saw that all the stuff were spread here and there...and suddenly her eyes goes on the floor and she saw the drop of the bloods on the floor. It's very scary and she was scared so much. There were no one on the bed. She comes near to the bed and what she sees, loud sound of screaming, "Aaaaaaaaannnnnn....." Besides of the bedthere was the dead body of the joseph, with blood spread all over...!! There was lots of scratches on his body...its looks

like someone shredded his body with sharp knife. After watching this horrible scene, her mind went blank. Though she is Goth, strong hearted....but that scene moves her from internally. Then after some time she went to close to his body to check whether his heartbeat is running or not. She takes her hand towards him..her hand is shivering..and she checks his heartbeat but there is no movement....Joseph was gone. So after that she called the cops and ambulance to take him. And then after the all legal procedure she inhumed his body with very holy process.

It takes few days to get over Selina from the shock of Joseph's death. But after that she has that fire in his heart to take the revenge of Joseph's murderer. And now her original Goth was coming out. Now she will show the power of the darkness to that murderer. First she went to that nightclub where Joseph was working and asked about him that what he did in last weekend. From that she got to know that that last night Joseph attended ladies party where only ladies were aloud. Then she went to the Peter's house, Joseph's close friend and performed as a playboy with Joseph. From him she got to know that during the party, one rich woman had attracted towards him and she offered him that she wants to spend night with him and fulfill her fantasies with him. In return she will give him a good amount of money. Joseph was ready because this is what he has been doing for last few years. He accepted her proposal and spent night with him. So the next clue was that rich lady who could give her information related to Joseph's murder. Somehow Selina managed to extract information about her name and address. Her name was Diana Watson. When she went to her house she got the one shocking news. Diana Watson has already died and she died on the same day when Joseph died. And her dead body was found from the garbage. She was also got scratches on her body...same as Joseph had. Now in Selina's mind there was the big storm was going on. She can relate this two murder. That same night they had sex together and another day both died ...there is link between this two phenomena.

To get more information about Diana Watson she went to the closest friends of Diana Watson. And she came to know that her husband was very obsessed with her. He loved her like mad man. But he doubt so much on her. Every time, when she was going outside the house he used to ask her where are you going..? Why are you going...? so many questions. So, she was get used and she didn't give him that much of importance and this hurts him. He didn't like this type of attitude of her, so this was the scene between them.

Now the picture became clear in Selina's mind. All the dark spots were linked. She thought that somehow Mr. Watson got to know about the Diana and Joseph's one night sex and in the fire of obsession he killed both. His mindset would be like that if

I am not getting the pleasure then I will not allow anyone to get it. Selina thought that all this was done by that obsessed crazy mind. And she was right. She gets very angry and she thinks that in this whole story what was the Joseph's fault...?? Why he was punished...?? If Mr. Watson has some problem with his wife that deal with her. No need to do that much of violence. They had sex that night...that not makes them criminal. They would not be punished like this. Black drop of tear comes out from Selina's eyes and slipping through her face and fall on the floor. It makes black flash on her face.

Now the fire becomes volcano inside the Selina and she decided to punish him through her way. Nobody going to interrupt her Neither police nor society. And then she and her group went to his house and punished him with cruelty and expose him in front of whole the world. Such that nobody in future will do, not do nobody will even think about doing this type of inhuman activity to anybody.
